Mentorship Program Cycle 2

ASIAN
INSTITUTE OF
MANAGEMENT

“If you ask any successful businessperson, they will always (say they) have had a great mentor at some point along the road.”

- Richard Branson

FOREWORD

Asian Institute of Management believes in running a structured Mentorship Program for students' career advancement, extending the mentoring capacity from alumni to a diverse range of outside professionals.

Our mentors share invaluable advice drawn from their own personal experiences which equips AIM students with the important life skills and tools to further their personal and professional growth.

Initiated by Marco Cabrera of the Career Services Office, this project aims to bring leaders together to give back to the AIM society. We hope this initiative will nurture our young adults as they transition back into the workforce.

We extend our heartfelt gratitude to all who have made this project a success.

May it be the start of meaningful exchanges for years to come!

Lucille Jade L. Galvan, Director
AIM Career Services Office
